The St. Elijah Pioneers and the Canadian Census Indexes

by Jim Ungrin

Introduction

Four censuses took place in the 17 years following the arrival of the first immigrants from Voloca to the Saltcoats area in 1899 and shortly afterwards to Lennard and Shell Valley. The official enumeration dates for these four censuses were 31 March 1901, 24 June 1906, 01 June 1911 and 01 June 1916. These census results have been a great help to those researching the arrivals of their families in the St. Elijah area. All of the Census Indexes for these four enumerations are now available on the internet and can be relatively easily accessed. We will take a quick look at the first three, which have now been transcribed and look at the 1916 one in a bit more detail.

All of the original census lists can be accessed by going to www.collectionscanada.gc.ca and then clicking on the "Censuses" panel. The transcribed results for the 1901, 1906 and 1911 Censuses can be found at www.automatedgenealogy.com

1901 Census

The first families arrived from Bucovina in mid-1899, barely two years before the 1901 Census. Note that this was before Saskatchewan became a province. Most settled in the Saltcoats area and with few exceptions, the families can be found by looking under **The Territories**, **Assiniboia East** District, District Number **203**, Subdistrict **Saltcoats**. Pages 6 and 7 of **k(3)-2** (schedule 1) contain the majority of the immigrants. In the transcribed results, numerous people have suggested corrections to the sometimes mangled names. Names include, Onufreiciuc, Penteliciuc, Paulencu, Ilia, Zelinski and Ursulak. Note that there are two separate schedules for this census. The first has details of the people while the second lists the farm location (township and range).

One exception to the location of the families that has found to date has been George Paulencu who along with the family of Elie Burla, are working for Thomas McLennan in Manitoba. They are listed in **Manitoba**, **Marquette** District, Sub-district **Shell River** on page 3 of **(e-2)** (schedule 1). The names given are George Pulanki and Eli Bourlach with his wife and two children. Both handed-down family history and the pattern of ages confirm the persons. George is listed in the Saltcoats results as well.

1906 Census

By 1906 Saskatchewan has become a province and the district names have changed. This census also adds the section number to the farm location and gives details of livestock holdings. The establishment of the St. Elijah parish has taken place as well.

There are significantly more families listed now both in Manitoba and in the Saltcoats area. The Saskatchewan families are largely found under **Saskatchewan**, **Assiniboia East** District, Sub-district number **42 A** (Note that the space between 42 and A is needed when searching.) Pages 16 and 17 have many of the families listed above in the 1901 Census. There are also some families to be found in the adjacent **Mackenzie** District, Sub-district number **1**, (pages 7-8).

The St. Elijah pioneers are found mainly under **Manitoba**, **Marquette** District, Subdistricts numbers **18 A** (pages 3-4) **and 18 B** (pages 16-18).

1911 Census

Once more there has been a bit of a change in the district naming. The Saltcoats/Calder residents are found under, **Saskatchewan**, **Saltcoats** District, District Number **215**, Sub-district number **21** (pages 2-4, 16-19).

St. Elijah parish members are now mainly enumerated under **Manitoba**, **Marquette** District and Sub-district numbers **63** (pages 2-10), **65** (page1) and **66** (page 5).

1916 Census

This was an "extra" census conducted only for the three prairie provinces. The corresponding locations for the families that have been listed above are as follows. For Saskatchewan, **Saskatchewan**, **Saltcoats** District, Sub-district number **24** (typically pages 22-26). For Manitoba, one must go to **Manitoba**, **Marquette** District, Sub-district number **27**. The majority of the families of interest are on pages 8-22.

Two notable changes have been made for this census. One is that the farm section number has been dropped from the information. This is unfortunate in that it reduces ones ability to trace a family by known locations. The second change involves the transcription of the hand-written sheets to computer-searchable data. Whereas Automated Genealogy were the transcribers of the previous three censuses discussed above, the 1916 Census has been handed to another service, ancestry.ca, which requires a membership fee. Free access is no longer available. Automated Genealogy used a significant volunteer-base to offer corrections to the interpretation of the hand-written information. It is not clear what ancestry.ca will provide and when.

I have looked at the original 1916 Census data to try and trace some of my family. Some of it caused me some problems. The non-Romanian census takers have left some fairly mangled surnames for researchers to work through. Based on a background knowledge of the local names, I have attempted to locate most of St. Elijah parish members in the 1916 Census. The table below shows the listed (transcribed) names of the family head as well as the suggested spellings. Spellings have evolved for some names since 1916. John Goodes has made a list of local families in his "Where Money Grows on Trees". Whenever possible, this spelling for the family and first names has been used. The name of the wife of the family head as well as the children (sons "s" or daughters "d") has been added to assist in pinpointing the families. Families not identified in the census data as being from Bucovina have been omitted. Both Saskatchewan and Manitoba families have been included. Alternate spellings for the family names or guesses are shown in square brackets.

Notes

1. This lady may later have married Elie Avram (previous line). There is a Titiana Avram buried in Shell Valley cemetery of the approximate correct age.

- 2. The birth registrations of two of the children in the Manitoba Vital Statistics database use this spelling. No other connection has been found.
- 3. The birth registration of one of the children in the Saskatchewan Vital Statistics database gives this spelling. The parents are listed as Preska and Moses.

Notes

- 4. These two families are mistakenly listed in the index as Lutheran.
- NOTE: Most, if not all, of the families from Bucovina are labeled in the census as being Greek Catholic. This should have read Greek Orthodox.
